Aim: to all introduce to ourselves

'My name is & my favourite smell is

Overview (why are we here?)

We are going to meet for a class circle every week until the end of term.

These circles will help us share, work together & problem solve while having fun.

Prompts for talk: 'Who has done a circle before?

'How do you think it helps?'

'What do we practise in a circle?'

Mix Up

Move places if you

Group Activity

For these circles to work well we need to agree what we need from each other to make them as successful as possible.

Hand out pictures & sort into 3 groups- each group supported by an adult- discuss what they need from each other to do well, give their best effort. Adults/ pupils to record onto sheets.

Return to circle & feedback words collected- identify similar needs.

I will use these to create a poster for our circle rules.

Class follow up could be for pairs to create large posters of these words for class.
